# AZALEA AND CAMELLIA PRICE LIST

1945-46

## FLOWERWOOD NURSERY

Rt. 1, Box 522

MOBILE, ALA.

The war industries and armed forces have deprived us of all our employees who have had experience in the packing of plants for shipping. Unless we are able to secure the services of experienced packers, we will not be able to ship any plants except bare-rooted plants. We expect to take care of customers who send their trucks to the nursery or want carload lots. Just as soon as we are able, we will resume shipments of plants by express and freight.

# CAMELLIAS

We have many varieties of camellias that we are not listing because our supply is not large, but if you do not find in the list the ones you desire, it is possible we can supply your needs as we have over 350 varieties in our Nursery.

We do not have all sizes in all of the varieties listed, but because of the number of varieties, we do not list them separately.

## CLASS A-1

Alba Plena	Fannie Bolis	Rev. John G. Drayton (Mary EM)

18 to 24 inch, Specimens _____		10.00
2 to 2½ feet, Specimens _____		12.50
2½ to 3 feet, Specimens _____		15.00

## GRAFTS

We are not listing definite sizes of grafts because of the great variance in the age of understock. Some of our rare varieties are grafted on understock as old as 12 to 15 years, and we have some grafted on stock as small as four years. We do not think it is fair to price the plants according to the height because grafts on large understock will, in a few years, make large handsome plants, while grafts on smaller stock of same height will make much slower growth in the future. We have a number of new and rare varieties which we will list in the future, but we do not have sufficient numbers to offer this year. We can supply a limited amount in the varieties listed below, the prices ranging from \$5.00 to \$30.00, depending upon the variety, size of the understock, and age of the graft. Some of these plants have been grafted four years, and are handsome bushes full of buds. We much prefer to sell the plants after personal inspection.
